Dear Sharon and Marianne:

I wanted to extend my sincere gratitude for the Mental Health First Aid Training you provided on our campus January 7<sup>th</sup> and January 8<sup>th</sup>. First, let me thank you for agreeing to provide this training to our large group on a rather short time frame.

The training was very beneficial, easy to remember and certainly applicable to what we see on a college campus as Public Safety Officers. I was happy to hear from you that there is a public safety curriculum being developed and glad that you were able to incorporate some of the material to the training you provided for the Department.

You and Marianne were most caring and genuine and we appreciated the experiences you were able to share to assist in delivering the training in a meaningful way. We gained insight from the training collectively and certainly will add these resources to our "tool box" to what we apply on a daily basis.

Thank you again.

Sincerely,

Debra Patch,  
Associate Director of Public Safety
